Today's Schedule.

Seventy-five hundred spectators witnessed the downfall of the Chicagos yesterday in he windy city, the Washingtons winning by the score of 4 to 3, and making the record three victories out of four games played, a remarkable record for any club. Sir Augustus Weyhing was once more the bright luminary of the thrilling contest, the veteran holding the Chicagos safe at all stages of the game, and a shut out would have been in order but for the errors of the Senators. Eight hits were the sum total of safeties obtained off Weyhing's delivery, and all of these were scattered throughout the nine innings of play. Phyle, the new man from the Western League, was on the rubber for the Colts and the Senators took kindly to his delivery from the first, but the perfect fielding of the players back of him saved several runs from crossing the plate. Little Jimmy Slagle placed three nice singles to his credit, and Mercer was close up with a

Then O'Brien went out on a little fly to Phyle, and the game was apparently over, out Siagle stepped to the front with a little single and Mercer followed with a grand double, sending in both runners and tying the score. CHICAGOS BUNCHED HITS

Senators Lost by 5 to 1-Other League Games Saturday.

The game at Chicago Saturday went to the home club, the Senators losing by the score of 5 to 1. Clarke Griffith was on the rubber for the Colts, and of course that means a victory nine times out of ten. Billy Dineen did the twirling for the Washington club, and held the western boys down to seven hits, but four of these were bunched in the sixth inning, and were coupled up in the sixth inning, and were coupled up with several errors by the Senators, which allowed the scoring of five runs, all that were made, blanks being dished up to the Chicagos in the other innings. Bonner,

Padden, Cassidy and O'Brien were the transgressors in the error column, but the first-named hammered out two of the Senators' six hits. The Chicagos played almost perfect ball, an error by Wolverton at third being the only misplay of their side during the game.

Fielding may keep the scores down, but batting wins. Look over yesterday's score. Chicago played perfect ball and the Senators had four misplays, but their trusty bats coppered the contest.

Atherton may crowd Mercer out of the infield, but the other new man, Barry, will have to be a good one to push him entirely off the nine. Manager Irwin will not forget Winnie's double of yesterday very soon. It may be the Senators' manager's intention of restoring Mercer to the twirling staff.

Reports from Chicago say that J. Earl Wagner's chest has expanded about ten inches since the Senators have commenced to play sensational ball and win games, and the Washington magnate now walks up and down the grand stand as if he has been used to carrying a drum major's baton in parade all his life.

Talk about the base ball "fans" in the different cities being hard losers! Those interested in the subject should peruse several of the Chicago and St. Louis papers. The scribes in these two cities have already aken to the woods or climbed telegraph poles, yelling at the same time that the clubs representing those cities are "dubs" and due for the last division. Pitcher White Was Wild and Unsteady and Had No Speed.

The Georgetown University boys went on to Worcester Saturday, and in the afternoon met the strong Holy Cross team, and went down to defeat by the score of 11 to 4. The game was full of hard hitting, brilliant fielding and enough errors to keep the spectators on edge throughout the contest. It was Georgetown's champion team's first defeat in New England, and the game was witnessed by about 4,000 spectators, who crowded every available space in order to gain a vantage place. The contest was of much moment to both teams, and both were keyed up with excitement over the outcome, as they have more victories to their credit than all the other college clubs combined. It was therefore a case of Greek against Greek, and the leading team fell.

The Holy Cross team put up a fine contest, and won because they took advantage of White's wildness and unsteadiness in the second inning, he alone being to blame for the seven runs scored. He hadn't the least bit of speed, while his base on balls and hit by pitched ball were all productive of run-getting. Bach, who took his place, did well, considering that the game was then practi-cally lost. The batting of both sides was

WILLIAM HENSON DROWNED. He and Three Others Jumped Into

Deep Water.

William Henson, colored, nineteen years old, who lived at No. 1407 11th street southeast, was drowned in the river yesterday near the navy yard bridge. Henson and several companions were about the branch during the afternoon, and when only three of them were left one of them made the suggestion that they go in bathing. Although they could not swim, the three young men jumped in, and the water was deeper than they had anticipated. Had it not been that some men on shore want to their rescue in a boat all of them would probably have been drowned. As it was, two of them were rescued.

Henson was daad when the men reached him. His body was taken from the water and removed to the morgue. A certificate of accidental death was given, and the young man's mother will take his body for burial.

Saturday afternoon Policeman Owens found three small white boys in house No. 13 H street northeast. The house was open. Tyler Powell, Department Chaplain Horn, Chaplain Stevens of the Old Guard, Dr. Thomas Calver and others.

The Old Guard was present in uniform, them over to their parents.

thing of a Love Feast.

A Small Surplus Expected After Accounts

Peace jubilee accounts are being rapidly losed up, and from present appearances the jubilee, and the sentiment is heightened by the many congratulations being received on the success of the celebration and the surprise expressed that so great a showing was made at such a small cost. Many letters are being received by Chairman Knox and Vice Chairman Thayer to this effect, and are particularly satisfactory because several of them were written by men

who were not in sympathy with the project. The auditing committee, consisting of W. S. Knox, Rufus H. Thayer, Frank K. Ray-Bulkley, which was appointed to co the affairs of the celebration, was early in session at headquarters this morning after putting in several hours vesterday, and considerable progress was made in the consideration of the innumerable details which must be disposed of. The committee will hold meetings each morning, all being ex-pected to attend with the exception of Mr. Thayer, who is compelled to leave the city

tomorrow morning.

The last meeting of the finance committee will be held at headquarters tonight. Next to the last meeting of the executive committee was held Saturday night and was largely attended. soon as possible. Chairman William Dickson of the civic committee reported that the three prizes of \$50 each for the best displays in the civic parade had been awarded to the Imperial Order of the Red Men, in the first division; the organized German societies, in the sec ond, and the Plate Printers in the third He highly praised the displays of the Cen-Union, the Knights of Pythias and the letter carriers, and referred feelingly to the accident to the Central Labo suffering a broken leg. Votes of thanks were given all these gentlemen; to G. A. Whittaker, the energetic secretary of the finance committee; Major Richard Sylvester and Chief Joseph Parris. The love feast thus inaugurated was continued and votes of thanks, accompanied by cheers, were tendered W. S. Knox, R. H. Thayer, Frank K. Raymond, James W. Somerville, Barry Bulkley and James L. Smithmeyer, all of whom fittingly responded.

It was decided to send letters to the President and cabinet, Gen. Miles, Gen. Joe Wheeler, Col. Bingham and others, thanking them for their cordial interest and support, and the committee adjourned subject
